HAGANE

6

MASAOMI KANZAKI

What exactly are those "parasite vessels" who appear in Hagane? Nowadays it's possible to enhance food quality by the means of genetic manipulation.

The underground, secret organization called the "Red Sea", in contrast, is using this technique to breed a special kind of human whose genes contain the DNA of outstanding historic figures. The special ability of the long dead "parasite" of each "vessel" is at disposal in dangerous situations.

Miyamoto Musashi, the greatest samurai in Japanese history, is Hagane's parasite. Each time Musashi's DNA is activated, he takes over Hagane's body without overruling her consciousness. In the last volume, Hagane was struggling with her parasite for the control of her body- and won. But it was a hard fight which changed her forever. Ren, who has been assisting her and the other parasite vessels is dead. But what's more- another Ren appeared, an enemy Ren.

HAGANE YAKUSHIMARU

It's not easy to be a nice young lady when you are given the ability to kill a man within seconds. Hagane has always been strong ("Hagane" means steel in Japanese) but to find out that the famous swordsmaster Musashi Miyamoto is part of her DNA came to her as a shock. Will this girl be able to control Musashi's thirst for blood or lose her inner struggle and thus set the unleashed demon on humankind?

REN MIZUKI

Ren has got some psi-powers from Chouko Mitani's DNA. He is a mental reader and can even move things by will. At first Hagane didn't trust Ren, but since she fought side by side with the bladeless boy, she knows that he belongs to the good guys. But this could be the biggest mistake of her life.

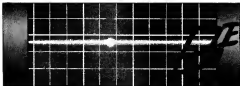

STEFAN KIMURA BENNETT

The third person to make up the trio. Stefan's persona is Billy the Kid. He started his fight against the "Red Sea" after the secret organization murdered his beloved girlfriend Mana. Stefan is certainly a sex-crazed guy, but deep down in his heart he is also a melancholic boy who can't overcome the tragic loss of his love.

GOHOU

A new character in this episode. Gohou had a difficult past. He belonged to a particularly cruel unit of the army called the "Black Hand". He now trains Hagane so she can reach her full potential. It seems that he works for Ren but he's a secret.
